

Risk Assessment – Non Financial

UFFORD PARISH COUNCIL

Judi Hallett
CLERK, UFFORD PARISH COUNCIL

Contents

1. Scope and Objectives	2
2. Introduction	2
3. Risk Analysis	3

1. Scope and Objectives

The purpose of this document is to identify potential non-financial risks facing Ufford Parish Council ('the Council') and how those risks can be managed to ensure the Council is able to deliver the services expected of it.

This document will be reviewed by the Council annually (preferably at the March meeting), enabling the Council to:

- a) appraise itself of identified risks
- b) agree appropriate actions to minimise the impact of the risks
- c) identify new risks and appropriate measures to manage them
- d) ensure the Council's insurance is adequate for the forthcoming year

2. Introduction

Risk management is NOT just about financial management, but about achieving the objectives of the organisation to deliver high quality public services. The failure to manage risks effectively can be expensive in terms of litigation, reputation and the ability to deliver the expected services.

The new approach to local Council audit seeks to address these issues by placing emphasis on local Council's strengthening their own corporate governance arrangements, improving their stewardship of public funds and improving assurances to taxpayers.

Members are ultimately responsible for risk management because risk can threaten the ability of the Council to fulfil its objectives. As a minimum, once a year, members should at least formally:

- a) Take steps to identify key risks facing the Council
- b) Evaluate the potential consequences to the Council in the event of an identified risk occurring
- c) Agree upon appropriate measures to avoid, reduce or control the risk or its consequences

All of the above objectives should be served by this document. If they prove not to be, then it is up to the Council to determine how they should be met and to put in place appropriate remedial measures.

This document should be read in conjunction with the current Insurance Policy in force for the Council.

3. Risk Analysis

The following table attempts to identify all non-financial risks and to assign a probability ('Prob') of that risk occurring, and should it occur, its impact ('Imp') on the Council. Both the 'Probability' and 'Impact' of a risk are scored on a 1 – 5 scale; 1 being the lowest score (i.e. very improbable or very low risk) and 5 the highest (i.e. highly probable and very high impact). Both these scores are multiplied to give an Overall Risk Rating (ORR). Any risks over ORR 20 will be reviewed on a monthly basis.

The 'Managed by' column details how the risk is managed, either by protecting the Council from its impact (typically by way of insurance) or by reducing the probability of that risk occurring. All Councillors should be aware of the importance of keeping the register up to date and declaring any interests at meetings as and when appropriate. The list below is not exhaustive and items can be added, amended or removed as and when appropriate.

Number	Details	Prob	Imp	Overall Risk Rating	Managed by...	Next Review Date	Action
1	Damage or loss to any external Asset belonging to the Council from accident, vandalism or poor maintenance	3	1	3	<ul style="list-style-type: none"> Insurance and its annual review Annual review of assets identified in Council's Asset Register 	<ul style="list-style-type: none"> March 2027 	<ul style="list-style-type: none"> Review asset annually or after any reported damage/vandalism
